Early Childhood Australia (Victorian Branch)
2019 Conference Scholarship Grants

Background

Early Childhood Australia Victorian Branch (ECA) is thrilled to announce that we have scholarship grants to the value of $2,000 each, available through the Warrawong Foundation that will enable us to allow ten recipients, the opportunity to attend the 2019 ECA National Conference in Hobart.

The scholarship grants will enable ECA Victoria to support Early Childhood Education and Care educators from rural and remote, Indigenous, vulnerable or high needs communities and services in Victoria to attend the 2019 ECA National Conference “From Vision to Action” to be held in Hobart from 25-28 September 2018.

ECA is pleased to provide a professional development opportunity to early childhood staff that may otherwise not be able to attend the National Conference.

Award

The scholarship provides financial support of up to $2000 for ten early childhood professional educators who, through financial or isolation disadvantage, may not have the opportunity to attend this significant Australian early childhood conference.

The successful candidates will be current practitioners in a Victorian approved early childhood service, a member of Early Childhood Australia and will be able to demonstrate a strong commitment to working within the early childhood education and care profession.

Successful candidates will be expected to write a short report about their experience.

Please complete the attached application form and return by June 30th 2019 to:

ecavic@earlychildhood.org.au
