# Adult-Child Film and Photograph Permission

Early Childhood Australia (ECA) would like permission to film and photograph your child/ren and/or yourself, use supplied existing films or photographs of them/you or publish their work/illustrations.

Please fill out the permission slip below if you agree to grant ECA permission to use film and photographs of your child/ren and/or yourself or illustrations produced by your child/ren. Non-return of this form will be taken as a refusal to grant permission and any film or photos of your child/ren taken during a photographic or filming session must therefore be discarded.

Thank you for your assistance,

## About Early Childhood Australia

ECA is a non-profit advocacy organisation and specialist early childhood publisher. Our publications and other materials are produced and distributed through the ECA national office in Canberra. They are produced specifically for the Australian early childhood field, and are often very useful to parents. Publications and other materials deal with current issues facing all carers of young children, and new practices and policies for the early childhood field.

## ECA's quality-assured publications

All publications adhere to ECA's quality assurance guidelines. For more information, see: [www.earlychildhoodaustralia.org.au](http://www.earlychildhoodaustralia.org.au). The ECA website also provides vital information for those who care for young children.

ECA's publications include: *Research in Practice Series*, *Australasian Journal of Early Childhood*, *Every Child* magazine, the *Everyday Learning Series* and various other books, catalogues, resources, online materials, ECA website, ECA mobile app and social media.

ECA also manages other print and design work for government departments and other organisations, in some cases this takes the form of advertising/commercial/online projects if it fits with our guidelines.
